Attached is an updated response document. It does not include the changes Felesha made to the Dental answer. I had another version in progress. We can make the change to the Dental amounts but they won't tie back to the expenditures by source document.

Much like with Travel, I found a mistake in how I calculated the Admin information. I'm not sure what I did wrong last night, but I have data to support the revised amounts. Payroll amounts decreased in Admin from 14 to 15 by \$456,191. There was an increase in contract in HR that accounted for the largest increase.

I have to prep for the finance committee meeting now. I'll check back in afterwards.
